I trust Wisshwash with in providing the best customer service with due care to clothes and with a sense of dedication to meeting customer requirements and building long relationship based on excellent and consistent quality of service delivery. As a senior professional in a new city my concern for fresh daily laundry takes precedence over food :) and with team Wisshwash around I do not need to focus on that concern at all! Even prior to the app days their service was top notch - with the app even better! All this and the fact that they handle clothes as per type has me as their biggest fan. (What a marvelous job on

I have used few other laundry services in jaipur as well, like "Urban Dhobhi" but never got what they commit.....now I am very much satisfied with the service and quality provided by WISSHWASH.....The USP of WISSHWASH is they deliver what they commit at least in my opinion.....I am glad that there is at least one laundry service which takes care of the stain and as well as of the commitment made by them.....keep the good work on.....wish to avail your services in future as well. BIG THUMPS UP
